

Product specification

Neutral spirit - V013

Producer :

Slovenské liehovary a likéry a.s. , Trnavská cesta, 920 41 Leopoldov, Tel. +421 33 7352102

Product description :

Refined alcohol is produced by the distillation and refining fermented mash of carbohydrates derived from corn. It is used mainly for the production of spirits, by maceration of herbs, in the pharmaceutical industry and in the manufacture of fermented vinegar.

Refined alcohol is flammable, irritating to eyes, acting narcotic and can damage health by inhalation vapor and direct contact with skin and eyes.

Organoleptic characteristics:

Clarity: Clear liquid without haze, opalescence, deposits and other physical impurities

Colour: Colourless liquid

Aroma: Ethanol characteristic, without additional distasteful odours of fermentation's side product and strange odour

Taste: Ethanol characteristic, without additional distasteful taste of fermentation's side product .

Analytic request

Ethanol	min. 96	% obj.
Methanol	max. 300	mg/la
Total acidity	max. 15	mg/la
Esters	max. 13	mg/la
Aldehyds	max. 5	mg/la
Higher alcohols	max. 5	mg/la
Dry residues	max. 15	mg/la
Volatile N-bases	max. 1	mg/la
2-furankarbaldehyd	ND	

Refined spirit conforms to the requirements EC Regulation no. 1303/2022.

Allergens: Contains no allergens.
